Dear David:

Thank you very much for your interest in supplying the reproduction interior blinds at the State Capitol. We appreciate your time in putting together the bids for the various possible orders. We felt that your bids were very reasonable and will be using your firm should any of the bids be accepted by the parties involved in the building.

It was great to finally meet you after hearing about you for at least four years. I was very impressed with your portfolio and will call you when either these bids become a reality or additional millwork jobs come up in our office. We look forward to seeing you soon.

Best regards,
